

Implement clear and compelling **strategic plans**

Strategic Impact

Strategic Impact will help you to identify common purpose and strategic priorities that inspire shared ownership, commitment and an enthusiasm to see your priorities implemented.

PROPEL YOUR ORGANISATION TOWARDS TOMORROW'S OPPORTUNITIES

When a strategy is clear, compelling, and owned by your people and stakeholders, it is an energy force that opens up new possibilities for the future.

Unfortunately, many people have experienced strategic planning that delivers strategy on paper but not in action.

FAST Meetings will help your organisation to identify and implement a winning strategy that generates strong stakeholder engagement.

Unlike some consultancies that tell you what your strategy should be, FAST Meetings takes a neutral position. We ask incisive questions and facilitate a participatory process amongst stakeholders that enables you to discover the most valuable strategic direction for yourself. This ensures that the agreed strategies are practical, understood and highly relevant.

We also facilitate the communication of your strategy in a manner that promotes widespread stakeholder engagement and buy-in, which helps you accelerate its implementation.

WHO IS THIS FOR?

Strategic Impact is designed for organisational leaders who are charged with responsibility for setting and implementing strategic direction. It is particularly suited for Boards, senior management teams, business unit and department leaders, and those responsible for managing complex multi-stakeholder environments.

HOW WILL YOUR ORGANISATION BENEFIT?

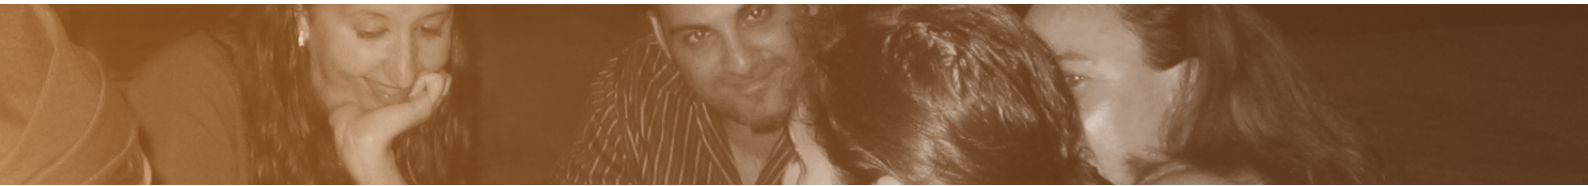

Strategic Impact will help you explore, set and communicate compelling strategic priorities through a process that facilitates stakeholder input and shared buy-in that leads to focused implementation.

"We had to find new ways of improving customer service whilst reducing spend per customer. Using FAST, we were able to identify practical solutions and generate immediate traction with initiatives that delivered results within 6 months"

Ian Harris - Head of Customer Experience, Vodafone

"You exceeded our expectations of what we might achieve on our weekend Strategic planning retreat. Not only do we have a renewed clarity of our vision and main priorities, but we also have the Board now thinking like a team. Your facilitation was very effective in drawing out all members and making sure people feel a part of the decisions we have made."

Allan Blood - Chairman, Australian Power and Energy Limited
